On the ground floor, there is a spacious living-dining room with a traditional fireplace, perfect for creating a warm atmosphere in the cooler months. The open-plan kitchen is fully equipped and has an extendable table for up to 10 people. The space is air-conditioned and has direct access to the interior patio, which defines the layout of the house. From the patio, you can access:

- An old stable converted into a laundry and storage area, with a bedroom upstairs, ideal for accommodating the retreat leader or facilitator.
- A double bedroom with two single beds and a characteristic blue facade.
- A bedroom with two bunk beds (sleeps 4) and a private bathroom with a shower.
- An additional shared bathroom, also equipped with a shower.

From the living room, a staircase leads to the upper floor, where there is a double bedroom with a private bathroom and shower, and the jewel of the house: the yoga room. A spacious and bright 25 m² space features high-traffic laminate flooring, ideal for both mat practice and floor-based activities. Ventilation and comfort are guaranteed thanks to three windows, two ceiling fans, and air conditioning. Two of its walls retain the original exposed stonework of the old house, lending a natural

breathing workshops, sound, writing, speaking circles, and therapeutic sessions.
